## FEATURED PHOTOGRAPH

### Miville Family Picnic Circa 1926

This photograph was supplied by Laurent Autotte, long time member of the ACGS. The Miville family picnic was organized annually by my maternal grandparents (J-François Miville: 1870-1945; and, M-Louise Bernier: 1872-1930) over the course of a few summers and took place at what we know today as Allard Park off the Goffstown Back Road, just past Mt. Calvary Cemetery in Manchester, NH. The picture I believe is from ca. 1926, as my mother (Bernadette Miville: Born 1915) appears to be about age 11 or 12 in the picture. I can also further identify my mother's 11 (of 15) brothers and sisters still living at that time, some of whom are in the picture with their own spouses, as well as their very young offspring, i.e., my oldest first cousins.

- We will Feature a Photograph accompanied by the story behind the photo, at regular intervals.
- To see the whole photo, just click on the image. For our first photo we have featured the ‘Miville Family Picnic’
- If you have a photo to share please email to [acgs@acgs.org](mailto:acgs@acgs.org) .

We have a large Acadian section and substantial census and church records for Nova Scotia, New Brunswick and Ontario. We have just added many catholic church records for Prince Edward Island.

## Planning a trip to ACGS for research purposes?

Here's how to get the most out of your visit to our library.

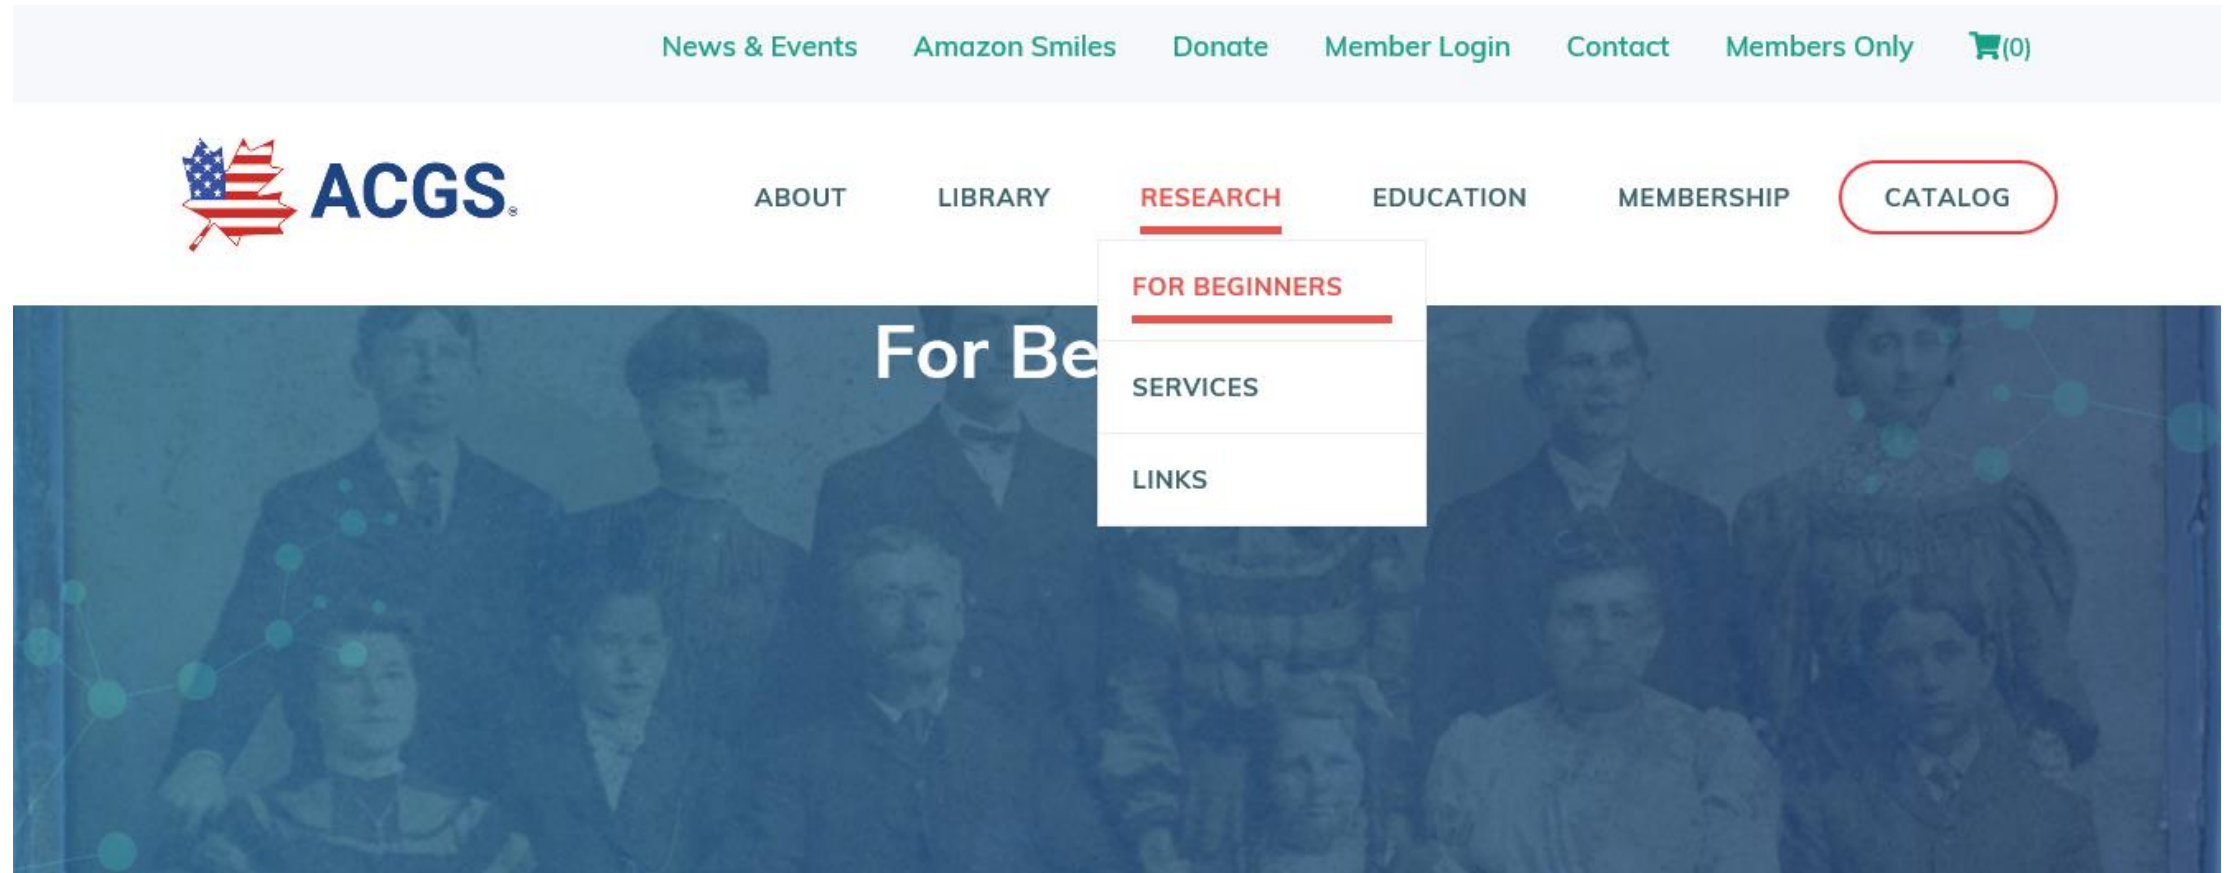

- Research is more effective if you focus on an individual or couple that you are interested in tracing and limit your research to that individual or couple. With our vast resources, it's easy to lose sight of your original goal.
- Bring any and all information that you have including oral history; Aunt Eveline is not a source but the information could be useful...or not. Documents such as birth, marriage and death certificates, military records, obituaries, etc. can be a great starting point.
- Be prepared to spend several hours if at all possible to get the most out of your trip; most searches run into a stumbling block along the way.
- It is always helpful to call the library in advance of your trip so that we will have a research assistant available to help you; this is particularly important if you are coming from a distance, you are just starting out on your genealogy journey or have a particularly difficult research problem.
